U. S. License No. G-23056

## New Perfection Oil Heater

PREPARE FOR the sudden changes of weather that invariably accompany the fall season.

A NEW PERFECTION Oil Heater will take the chill off of any room in just a few minutes.

CAN BE easily carried from bedroom to bath-room, from bedroom to living-room and wherever you want to change cold and dampness to warmth and comfort.

NO SMOKE. No smell. No trouble. Just a touch of a match—and the little heater begins to send out a flood of warmth.

COME IN today and let us tell you more about the New Perfection. No home, however well furnished otherwise, is quite complete without it.

In Odd Fellows' Hall every Sunday morning, at 11 o'clock. Subject for Sept. 22nd. is "Matter." You are cordially invited. Sunday School at 9:45.

Placerville—State highway from county line to top of Clarksville grade now open.

San Francisco—Past 3 weeks California furnished government $23,000,000 of food products.

## Local and Personal

E. E. SOWER for Men's Shoes, and Shoe repairing. Neolin soles and rubber heels.

Lost: A gold bar pin, on Campbell avenue. Finder please leave at Press office.

We have recently learned of Percy Cochran being in the service and now stationed at Fremont.

Mrs. H. V. Archibald attended the regular inspection of Sheridan and Dix Posts in San Jose, Monday.

The W. C. T. U. will meet with Mrs. Newcomb, 295 Campbell avenue, Wednesday, September 25th, 2:30 P. M.

Mr. and Mrs. Chas. Townsend have announced the engagement of their daughter, Miss Gladys, and Charles Lloyd.

Mr. Fred Sadler was over from Alum Rock avenue Sunday for a visit with his aunt, Mrs. Lydia Sadler, and Mr. S. G. Nelson.

Mr. and Mrs. Will Cooper and children and Mrs. Cooper's mother, brother and cousin visited Dr. and Mrs. C. N. Cooper recently.

Miss Adah Nelson left Monday for King City where she had secured the position of Domestic Science teacher in the schools.

Mrs. Mabel Henry has moved with her family into the Mrs. M. J. Wilson apartments where they are getting settled "for callers."

Mr. and Mrs. R. G. Archibald went to Capitola Monday where they will spend part of their vacation, possibly ending it in the Big Basin.

George Osborn is spending several weeks in San Francisco with his aunt, and with Mr. Rucker, enjoying a variety of entertainment.

Campbell Union High School will open for the fall term Sept. 30. The Grammar school as announced before will open next Monday.

The J. F. Duncan and Easton Carter families returned Saturday from their annual outing at Capitola. Altho it rained part of the time they enjoyed the variety.

Mr. and Mrs. Ralston Alison, Mr. and Mrs. R. G. Archibald and Mr. J. F. Duncan went to Watsonville Saturday to attend the District Bankers' Convention.

Mrs. Frances Swane who has for two weeks been teaching near Turlock, has accepted a position in the city schools of Coalinga, and is at work there at present.

Uncle Jos. Bohnett returned last week from Ziegler Springs after two weeks of sport at the baths. He is very much improved and able to boss the "prune gang" again.

Mrs. Calista Atkinson has received word from her son, George E., who was doing "Y" work in the spruce camps of Oregon, that he had been transferred to Bremerton, Washington.

Miss Amy Farley was home from her school at Ravenswood, North Palo Alto, for the week-end. Miss Farley is in charge of the primary room, and music and drawing thruout the grades.

Rev. and Mrs. W. H Lloyd are in attendance at the Methodist annual conference at Stockton this week. The conference will act on the subject of Rev. Lloyd's pastorate for the coming year.

Word has been received by relatives and friends of the safe arrival overseas of Bert Campbell, Clinton Crow and Gilbert Newcomb. Campbell has a large contingent with those Yanks a-doin' things over there and we're all proud of them.

"Rex" Burdine who has been enjoying a 10 days' furlough in the south visiting his parents and sister whom he hadn't seen for the past six years was a guest at the H. W. Higbie home this week. Mr. Burdine is one of the crack 13th regiment band.

The 13th Infantry Band of 40 pieces will give a concert at 1st & Santa Clara sts., San Jose, Sunday noon prior to the big ball game between the Bears and Alameda. This band under the direction of Lieut. W. J. Stannard is a big drawing card and this attraction will materially add to the attendance at the game.

To accommodate those who wish to register for the general election in November, Judge A. J. Farley will be at the library building from 1 to 5 every afternoon. The registration closes October 5. If you have not registered since January 1st, you should register in order to vote. It is your privilege and duty.

Charlie Burke and family who for the past six months or more were domiciled on a wheat ranch in Central Washington arrived in Campbell on Sunday morning. Mrs. Burke and daughter will remain with her father, Mr. Fablinger, for some time, while Charlie is absent looking after his ranch interests at Turlock and until Uncle Sam decides whether he wants him to don the uniform and help to win the war, at the front as he is one of the 32 to 36 registrants.

## The City Hostess House at San Jose

Because of the appreciation of the soldiers of the camp Hostess House, the Board of Directors of the San Jose Y. W. C. A. has decided to make its building a Hostess House to the boy who visits that city.

With that end in view, Saturday evening parties are planned for different groups of soldiers each week, and Sunday afternoon, from four to six o'clock and later, the building will be open to the uniformed man and his friends. A program, consisting of a big Community Sing and some special numbers, will be given on the roof of the building on fair days, and in the Assembly Hall in bad weather. The program will be arranged by different groups of young ladies, under the direction of a member of the Board.

"Sings" around the piano and a general family hour will follow; light refreshments will be served and the ladies in charge will make the whole time as full of real home atmosphere as it is possible to make it.

The Soldier parties have been features of Y. W. C. A. activity for sometime and the Sunday afternoon plan has been successfully carried out for two weeks. Both plans are so popular that the Board made the decision to make them regular weekly events.

## Graduate Recital

The very inclement weather last week kept many people from attending the concert at the Methodist church, when the Campbell School of Music presented Miss Ruth Lloyd in a piano and violin recital. Those who were present, however, enjoyed an evening of music of decided charm and variety.

It is not often that so young a musician has attained such skill on two as diverse instruments as these; and Prof. Halamicek has reason to be proud of his pupil.

A program of ten numbers was given, eight of them solo numbers by Miss Lloyd, and the other two, quartettes. Miss Lloyd, violin; Miss Bozena Kalas, piano; Mr. Jan Kalas, violoncello and Mr. Jos. Halamicek, violin and viola. It would be impossible to tell which of Miss Lloyd's selections was the most pleasing, but perhaps the "Marche mignonne" by Poldini received the heartiest applause, and the concluding quartette, the Ouverture, "Merry Wives of Windsor", Nicolai, was greatly enjoyed.

Miss Lloyd is planning to attend the College of Pacific this winter to secure a high school teacher's certificate in music. She has also accepted the position of organist at the Centella church, beginning her work last Sunday.

Her Campbell friends extend heartiest good wishes for her continued advancement and future success in her chosen line of occupation and pleasure.

## Some Record

SAN JOSE, Sept. 19.—At the second session of the 63d Congress, "An act providing for a bureau of war insurance for insuring American vessels and American cargoes going into the war zone," a bill designed to protect American shipperd was introduced and passed. E. A. Hayes, congressman from the eighth district, voted "No." Page 14.449 Cong. Record.

An emergency revenue bill to tax beer, ale, porter, wine, tobacco, pawnbrokers, was before the house. Hayes voted "No." See pages 15,646, 15,647, 15,772 Cong. Record.

House R. 17,700, "A bill to establish the eight hour day on railroads engaged in inter-state commerce." This bill is conceded to have played an important part in preventing a tie-up of all the railroad lines of the nation.

Hayes was absent and neither paired for or against the measure. He dodged.

H. J. R. 59: "An act to extend the revenue war tax for the purpose of carrying on the war." Hayes voted "No." See page 361 Cong. Record.

H. R. 7617 provided that the secretary of agriculture in certain cases aid the states in construction and maintenance of rural post roads. This measure was designed to aid farmers to benefit by the rural delivery service.

Hayes was present, but did not vote. He was paired against the measure.

P. Arnott has moved into his new home recently remodelled on North Central avenue.

Mr. and Mrs. W. H. Waddell are here visiting relatives and friends. At present they are with the latter's sister, Mrs. R. A. Hamilton on Johnson avenue. Mr. and Mrs. Waddell are returning to their home in Los Angeles, from Stockwell, Indiana, where they have been spending the summer visiting Mr. Waddell's relatives.

A SQUARE DEAL — Blaine's GENERAL MERCHANDISE — for the Round Dollar

## Canned Shad Is New

This product, packed in the same manner as salmon, is a welcome addition to the list of canned fish. Fish chowder made from Shad is a dish fit for an epicure.

15 oz. cans: 20c.

## Those Canned Oysters---

—the Better Buy Brand at 2 for 25c, and the Metropolitan Brand at 15c straight—don't, for your own good, forget them. They will not last long at present prices.

SEEDS—PLANT THEM NOW—turn a local calamity into an advantage—let the early rains grow you a vegetable garden.

Small packages of seeds are 10c, this year.

## Will Address Club

Mrs. Harry Watrous, who has prepared a number of interesting talks on various phases and lines of Y. W. C. A. activities, and which the Institute is desirous to have presented before various clubs and gatherings has been requested to speak to the ladies who gather at the Grammar school for sewing, next Tuesday afternoon.

Her topic for this occasion will be, "Women in War Industries" and the officers of the Home and School Club bespeak for her the courtesy of a good attendance.

There is a mistaken idea on the part of some that any one attending these meetings is supposed to become a member of the club. Every member is gladly received but any lady is most welcome to come and help in this work.

## I Want To Be a Soldier

I want to be a Soldier, and with the Soldiers stand,
A gun upon my shoulder, a grenade in my hand
Right there before my comrades, so bravely I would stand
And fight for right and justice, and Home and native land.

I want to be a Soldier, and with the Soldiers dwell
In foreign lands and trenches, and give old Kaiser hell;
For surely he deserves it, you all can plainly see
He is a bad usurper of Home and Liberty.

But I cannot be a Soldier like Father was was and Son,
Who helped to save Old Glory in 1861,
But I will do my little "bit" by helping all I can
With bonds, and Stamps, and Red Cross work for dear old Uncle Sam.

—By Emma J. Gordon.

## Beardsley-Webster

Miss Edna Beardsley left Sunday evening for Los Angeles where she was married Monday forenoon to Leonard D. Webster of Julian, San Diego Co. Miss Beardsley was accompanied to the Southern city by her brother, John Beardsley, of Lindsay.

Miss Beardsley is one of Campbell's popular young people who will be greatly missed by her associates and co-workers. She has ever been an energetic worker in Congregational church activities and a faithful member of the choir.

Mr. Webster is a young rancher at Julian where they will make their future home.

The best wishes of their many friends is extended them.

# FOR BETTER ROADS

## MATERIAL FOR REPAIR WORK

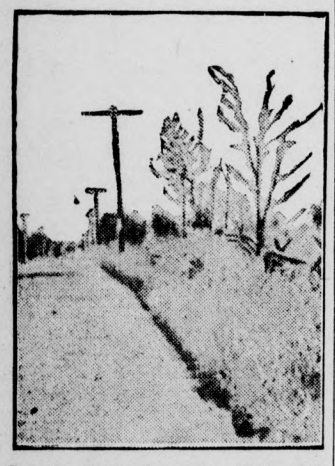
**Director of Office of Public Roads Will Pass on All Applications for Oil Products.**

(From the United States Department of Agriculture.)

Petroleum, asphalt or tar products wanted for the construction, maintenance, or reconstruction of roads will be delivered only after approval of the application by a committee representing the United States fuel administration and the office of public roads of the United States department of agriculture. This announcement was made by officials of the two federal agencies.

State highway departments, to which notices of the restrictions have been sent, are required to pass upon all applications for highway work in their territories involving the use of these materials. Applications are then to be sent to L. W. Page, director of the office of public roads, Washington. Mr. Page is chairman of the committee which will consider the necessity of the material being supplied and will make recommendations to the oil division of the fuel administration, which will issue permits in accordance with the recommendation when the material is available.

Upward of a billion dollars is the valuation placed by officials of the office of public roads upon bituminous macadam roads in this country requiring for their maintenance asphalt, road binders, road oils, tar binders or dressings. The plan to issue permits is designed to prevent further deterioration of these roads, and at the same time endeavor to satisfy fully



**Poorly Kept Roadside With Rail Fence Overgrown With Brambles.**

the fuel oil requirements of the army and navy, the essential war industries and the allies.

The United States is now being drawn upon to a constantly increasing extent for petroleum products, especially fuel oil, according to officials in the oil division of the fuel administration. The supply of bituminous products is so limited that it is requested that all new road construction involving these materials be deferred this year, except in cases where such work is necessary toward the winning of the war. Preference will be given to materials wanted for maintenance and repair work.

Forms on which all applications for petroleum, asphalt or tar products for highway work must be made have been supplied to the state highway departments and additional copies may be obtained from the office of public roads. These forms require detailed information as to the length, location, general uses and military necessity of highways to be built, maintained or repaired.

## GRADED ROAD IN CONDITION

**Drag Scrapes Off Projections and Fills Up Low Places—Will Keep Bed Well Crowned.**

The graded road can be kept in the best condition with the least labor by using the road drag. The road drag scrapes off the projections and fills up the low places, thus leaving no places for water to stand, which is what causes the road bed to soften and be cut into ruts. A persistent use of the road drag will keep the road bed well crowned, smooth and hard and this will also result in the least dust, as the dust comes largely from the grinding up of the ruts and rough places left by the horses' feet.—Extension Division, N. D. Agricultural College.

**Value of Motortruck.**

Farmers realize the value of the motortruck. Both the motortruck and good roads spell prosperity to the tiller of the soil, for no other invention has contributed so largely to the health, wealth and happiness of the farmer as the motorcar.

# WHERE FLYING FIELDS OF U. S. AVIATION SERVICE ARE LOCATED

**Twenty-Nine Tracts Scattered Over the Country Are Named, With Few Exceptions, for Airmen Who Lost Their Lives—Camp Borden, at Toronto, Canada, Is Also Used by United States.**

The aviation section of the signal corps of the army now has twenty-nine flying fields. Most of them are regular service fields, where the graduates of the schools of military aeronautics, or "ground schools," receive their actual flying instruction, but some of them are reserved for advanced flying, experimental testing, and special training in bombing and artillery observation. Camp Borden, at Toronto, Canada, is also used by the United States in conjunction with the British air force.

With the exception of McCook Field, all the American fields have been named after American officers and men who lost their lives while on aeronautical duty, and three civilians who were pioneers in aeronautics—Langley, Chanute, and Wilbur Wright. Following is a list of the aviation fields with a brief statement of how they received their names:

Barron Field, Everman, Tex., named after Cadet R. J. Barron, who was drowned at Chandler Field, Essington, Pa., on August 22, 1917, when the machine he was flying fell into the water.

Bolling Field, Anacostia, near Washington, D. C., named in memory of the late Col. Raynal C. Bolling, signal corps, who was killed in action in France in March, 1918.

Brooks Field, San Antonio, Tex., named after Cadet S. J. Brooks. On November 13, 1917, he was killed while flying at Kelly Field, Tex. Brooks was one of the first to volunteer at the call for men for the American Flying Corps; he was in training for a commission as a military aviator.

Call Field, Wichita Falls, Tex., named for First Lieutenant Loren H. Call, C. A. C., (appointed from civil life), who reported for aeronautical duty at College Park, Md., October 19, 1912. In the winter of 1912-1913, he and Lieut. E. L. Ellington were sent to Palm Beach, Fla., in charge of the Signal Corps Aviation station at that place. From Palm Beach Lieutenant Call was ordered to Texas City, Tex., and it was there that he was killed in an airplane accident, July 8, 1913. His home was in Washington, D. C.

Carlstrom Field, Arcadia, Fla., named after Victor Carlstrom. Carlstrom was recommended for a commission in the S. O. R. C., aviation section, on January 10, 1917, and soon thereafter went to Newport News to assist in the training of army fliers, although not ordered to active duty. He was killed in an accident at Newport News on May 9, 1917.

Carruthers Field, Benbrook, Tex., named after Cadet W. K. Carruthers, who was killed at Hazelhurst Field, Mineola, L. I., when he was struck by a revolving propeller June 18, 1917.

Chandler Field, Essington, Pa., named in honor of Second Lieutenant Rex Chandler, C. A. C., who reported for aeronautic duty at Signal Corps Aviation school, San Diego, Cal., March 15, 1913. On April 8, 1913, while making his first flight, the hydroaeroplane in which he was a passenger fell into San Diego Bay and Lieutenant Chandler was caught under the machine and was drowned.

Chanute Field, Rantoul, Ill., named after Octave Chanute, one of the foremost pioneers in aeronautics in America

Dorr Field, Arcadia, Fla., named after Cadet S. H. Dorr of the aviation section. Dorr enlisted in the summer of 1917, and was sent to Toronto, Canada, for training. He met his death there in a flying collision on August 17 of the same year.

Eberts Field, Lonoke, Ark., named after Lieut. Melchior McE. Eberts. This officer was a graduate of the United States Military Academy. On August 11, 1916, he was attached to the aviation section, and March 3, 1917, received the rating of junior military aviator. He was ordered from his station at San Diego, Cal., to Columbus, N. M., on May 3, 1917. Lieutenant Eberts was killed on the first flight he made after reaching Columbus.

Ellington Field, Houston, Tex., named in honor of Second Lieutenant E. L. Ellington, graduate of the United States Naval Academy, who transferred into the cavalry and was detailed to aeronautic duty, Signal Corps Aviation school, College Park, Md., November 14, 1912. In the winter of 1912-1913 he and Lieutenant Call were at Palm Beach, Fla., in charge of Signal Corps Aviation station, and in the spring of 1913 Lieutenant Ellington was ordered to Signal Corps Aviation school at San Diego, Cal., where he was killed in an airplane accident November 24 of the same year. His home was near Raleigh, N. C.

Gerstner Field, Lake Charles, La., named in honor of Second Lieutenant Frederick J. Gerstner, 10th cavalry, graduate of the United States Military Academy, reported for aeronautical duty at Signal Corps Aviation school, San Diego, September 26, 1914. He drowned in attempting to swim from a floating airplane while participaring as passenger in the annual Mackay Trophy contest.

Hazelhurst Field, Mineola, L. I., named in honor of Second Lieutenant L. W. Hazelhurst, Jr., a native of Georgia, graduate of United States Military Academy, reported for aeronautical duty at Signal Corps Aviation School, Augusta, Ga., March 2, 1912. On June 11, 1912, while making a flight at College Park, Md., as passenger in an airplane undergoing acceptance tests, the machine crashed to the ground and the pilot and Lieutenant Hazelhurst were both killed.

Kelly Field, San Antonio, Tex., named in honor of Second Lieutenant G. E. M. Kelly, 30th infantry, who, after a course of training at the Curtiss Aviation Camp, San Diego, Cal., was ordered to San Antonio. While attempting to land, in order to avoid running into a tent and thereby possibly injuring several others, he fell to the ground and was killed May 10, 1911.

Langley Field, Hampton, Va., named after Samuel Pierpont Langley, late secretary of the Smithsonian Institution. His early aerodynamic experiments, begun in 1887, formed a basis for practical pioneer aviation.

Love Field, Dallas, Tex., named in honor of First Lieutenant Moss L. Love, 11th cavalry, a native of Fairfax Courthouse, Va., reported for aeronautical duty at Texas City, Tex., May 8, 1913; was killed at San Diego, Cal., May 9, 1912.

McCook Field, Dayton, Ohio, named before the idea of naming these aviation fields after Americans prominent in aviation was considered.

Mather Field, Sacramento, Cal., named for Lieut. Carl S. Mather, S. R. C., A. S., was killed at Ellington Field, Houston, Tex., on January 30, 1918. His death was caused by a collision in the air at 2,000 feet.

March Field, Riverside, Cal., named in honor of Lieut. Peyton C. March, Jr., S. R. C., A. S., son of Maj. Gen. Peyton C. March, acting chief of staff. Lieutenant March met his death at Taliaferro Field on February 13, 1918, as a result of a spinning nose dive.

Park Field, Memphis, (Millington), Tenn., named in honor of First Lieutenant Joseph D. Park, 14th cavalry; a native of New Hampshire; graduate of United States Military Academy; reported for aeronautical duty at College Park, Md., October 8, 1912, and was killed near San Diego, Cal., May 9, 1912.

Payne Field, West Point, Miss., named after Capt. Dewitt J. Payne, who died February 1, 1916, from injuries received in an airplane accident. Upon graduation from the School of Military Aeronautics at the University of Illinois, he was commissioned a first lieutenant and was ordered to duty in Washington with the schools division. On October 23 he was promoted to captain, and on December 11 he was ordered to Taliaferro Field, Fort Worth, Tex., where he remained until his death.

Post Field, Fort Sill, Okla., named in honor of Second Lieutenant Henry B. Post, 25th infantry; reported for aeronautical duty at Signal Corps Aviation School, San Diego, Cal., May 26, 1913. On December 18, 1913, he made an altitude record for the army, attaining a height of 10,000 feet. On February 9, 1914, at San Diego, while attempting to make an American altitude record, he was killed, having flown up 12,140 feet.

Rich Field, Waco, Tex., named in honor of Second Lieutenant Perry C. Rich, Philadelphia Scouts; reported for aeronautical duty at Fort William McKinley, P. I., March, 1913, and was killed by a fall into Manila Bay, November 19, 1913.

Rockwell Field, San Diego, Cal., named in honor of Second Lieutenant Lewis G. Rockwell, 10th infantry; reported for aeronautic duty at College Park, Md., July 5, 1912, and was killed at that place September 28, 1912.

Scott Field, Belleville, Ill., named for Corporal Scott, who was killed at College Park, Md., on September 28, 1912, while flying as a passenger.

Selfridge Field, Mount Clemens, Mich., named in honor of First Lieutenant Thomas Selfridge, F. A. On September 17, 1908, he was killed while flying as a passenger with Orville Wright at Fort Myer, Va.

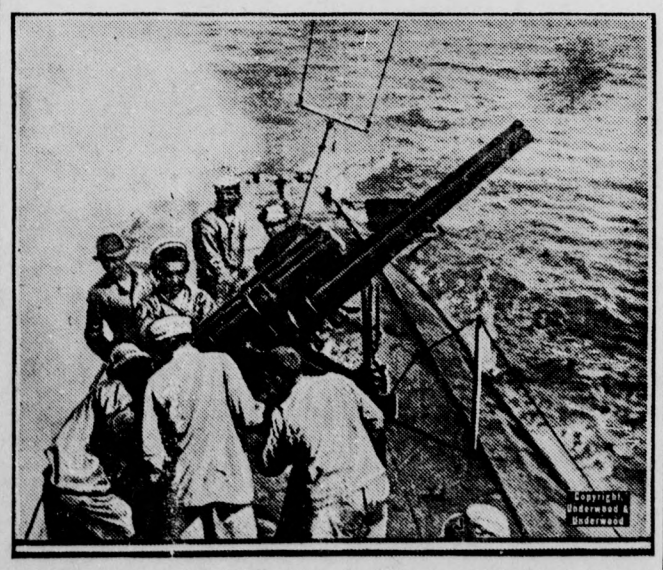
Souther Field, Americus, Ga., named after Henry Souther, U. S. R., of Hartford and Boston. He was head of the Aircraft Engineering Division of the Army Air Service when he died, in August, 1917. He died in line of duty at Fort Monroe, Va.

Camp Taliaferro, Fort Worth, Tex., named for First Lieutenant Walter R. Taliaferro; detailed for aeronautical duty from the infantry March 18, 1913; held certificates as pilot, expert aviator, military aviator, and junior military aviator. On September 17, 1915, he made an American duration record for pilot alone, remaining in the air 9 hours 48 minutes. He was killed at San Diego on October 11, 1915.

Taylor Field, Montgomery, Ala., named after Capt. Ralph L. Taylor, who was commissioned a captain in the S. R. C., A. S., May 3, 1917, and ordered to active duty at Mineola on May 23, 1917. He was killed in an accident at Mineola on August 2, 1917.

Wilbur Wright Field, Fairfield (Dayton), Ohio, named after Wilbur Wright, and was made by the government to include the pasture where during those years of experimentation from 1904 to 1907, inclusive, Wilbur and Orville Wright made numerous flights.

## ITALY'S NEW GUN FOR SUBMARINES



This new type of gun mounted on the deck of an up-to-date Italian submarine is proving that it surpasses anything that German U-boats have thus far developed.

## CALLED BACK TO SERVICE

More than 500 retired and resigned naval officers have been called to desert the fireside and business enterprises for the bridges of dreadnaughts.

Rear Admiral William A. Marshall, who was retired in 1911, is now in active duty.

## SALESWOMAN "SHIPS" NORTH AS STEWARDESS

Boston. — Resourceful Mrs. Marie Cowan of Chicago is back in the United States and happy. She "makes" the big towns of South America for a Western corset manufacturing company. Passenger ships are few and far between on the South American run now. She waited around a Chilean port for 30 days and then, because her firm was yelling by wire, she shipped north as a "stewardess."

**Molly Was Persistent.**

Camp Crane, Allentown, Pa.—It took two sergeants and a first lieutenant to convince Mollie King, motion picture actress, that women are not wanted to drive ambulances for Uncle Sam in France when she tried to enlist in the "Usaacs" here.

**Short but Not Merry.**

An ethnologist says the natives of New Guinea are the shortest-lived people in the world because they eat beetles and drink seawater. Not every short life's a merry one.—Louisville Courier-Journal.

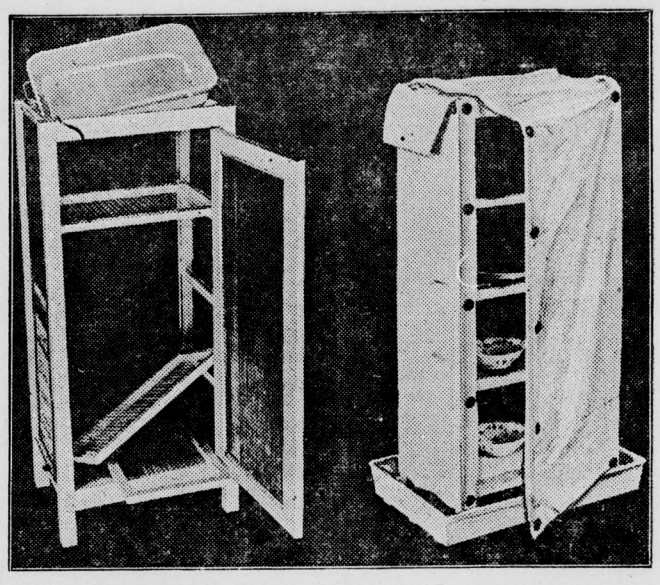
# Home-Made Iceless Refrigerators

**Food Can Be Kept Cool in This Inexpensive and Easily Constructed Convenience**

Where ice is not obtainable an iceless refrigerator, homemade, will be a useful food keeper and food saver. Maintaining a low temperature through the evaporation of water from its canvas cover, according to the United States department of agriculture, the iceless refrigerator will keep meats, fruits and vegetables cool and will extend the period for keeping milk and butter. It can also serve as a cooler for drinking water. This is the way to make it:

A wooden frame is made with dimensions 42 by 16 by 14 inches and covered with screen wire, preferably the rustless type, which costs little more than the ordinary kind. The door is made to fit closely, and is mounted on brass hinges, and can be fastened with a wooden latch. The bottom is fitted solid, but the top should be covered with screen wire. Adjustable shelves can be made of solid wood or strips, or sheets of galvanized metal. Shelves made of poultry netting on light wooden frames, as shown in the illustration, are probably the most desirable. These shelves rest on side braces placed at desired intervals. A bread-baking pan, 14 by 16 inches, is placed on the top and the frame rests in a 17 by 18 inch pan.

All the woodwork, the shelves and the pans should receive two coats of white paint and one or two coats of white enamel. This makes a very attractive surface and one that can be easily kept clean. The screen wire also may receive the coats of enamel, which will prevent it from rusting.



**Two Views of Homemade Iceless Refrigerator. View on Left Shows Frame. View on Right Shows Complete Refrigerator.**

A cover of canton flannel, burlap, or duck is made to fit the frame. Put the smooth side out if canton flannel is used. It will require about three yards of material. This cover is buttoned around the top of the frame and down the side on which the door is not hinged, using buggy hooks and eyes or large-headed tacks and eyelets worked in the material. On the front side arrange the hooks on the top of the door instead of on the frame and also fasten the cover down the latch side of the door, allowing a wide hem of the material to envelop the place where the door closes. The door can then be opened without unbuttoning the cover. The bottom of the cover should extend down into the lower pan. Four double strips, which taper to eight or ten inches in width, are sewed to the upper part of the cover. These strips form wicks that dip over into the upper pan.

The dimensions given make a refrigerator of very convenient size for household use and one with efficient evaporating surface, but it is not necessary to follow strictly these dimensions. If a larger capacity is desired, the height of the refrigerator can be increased.

In homes where large quantities of milk and butter are to be kept it would be well to have one refrigerator for milk and butter and another for other foods, as milk and butter easily absorb odors from other foods. It costs very little to build the refrigerator and nothing to operate it. The operation is as simple as the construction. The upper pan should be kept filled with water. The water is drawn by capillary attraction through the wicks and saturates the cover. As evaporation takes place, heat is taken from the inside of the refrigerator, thereby lowering the temperature of the inside and the contents. Capillary action starts more readily if the cover is first dampened by dipping it in water or throwing water upon it. The greater the rate of evaporation the lower the temperature which can be assured; therefore the refrigerator works best when rapid evaporation takes place.

When the refrigerator is placed in a shady place in a strong breeze and the air is warm and dry, evaporation takes place continuously and rapidly and the temperature inside the refrigerator is reduced. Under ideal conditions the temperature has been known to be reduced to 50 degrees Fahr. When it is damp and the air is full of moisture, the refrigerator will not work as well, since there is not enough evaporation. More water will find its way to the lower pan, but it will be drawn up into the covering by capillary attraction when the air again becomes drier.

The refrigerator should be regularly cleaned and sunned. If the framework, shelves and pans are white enameled they can be more easily kept in a sanitary condition. It is well to have two covers, so that a fresh one can be used each week and the soiled one washed and sunned.

## WITH THE POULTRY GROWERS

The poultry department of the New Jersey agricultural experiment station advises that careful attention be given to preparing the laying houses for the pullets. Before placing them in their permanent quarters, the house should be thoroughly cleaned and disinfected, as a precaution against disease.

As crowding lowers the vitality, each bird should be allowed at least four square feet of floor space. See that all drinking fountains, feed hoppers and other fixtures are raised off the floor.

Ventilation should be secured by means of muslin-curtain window in the front of the house. Keep this open at all times, except in very stormy weather and during severe cold spells. Provision should be made for the largest amount of sunlight possible in the house, as this is one of the best means of preventing disease. Windows should be so constructed that the sun can touch every part of the floor some time during the day.

It is essential that the house be kept dry. See that there are no places in the roof or sides where rain can beat in. Also, it is desirable to have a concrete floor, laid on a bed of 10 to 12 inches of cinders. A dust box, 3 by 4 feet and 1½ feet deep, containing fine dust, should be placed in each house. In short, for the best results everything should be done to give the birds the best housing conditions possible.

## "Doughboys" Are American Soldiers, Despite Position They May Hold in the Army

"A 'doughboy,'" says Stars and Stripes, official paper of the A. E. F., "is an American soldier, any American soldier, infantryman, artilleryman, medical department, signal corps sharps, officers and men alike, all are called doughboys. Our cartoonist is one, so is General Pershing."

The term "doughboys" dates back to the Civil war when army wit was aroused by large globular brass buttons on infantry uniforms. Somebody (he must have been a sailor) dubbed the buttons "doughboys" because they reminded him of the boiled dumplings of raised dough served in ships' messes and known to all sailors as doughboys. Originally it referred only to an enlisted infantryman, but the A. E. F. applies it to all branches and all grades of the service.

## Interesting Facts.

Paper matches are built into a new paper box for cigarettes.

By moving a single lever a new automobile body is converted into an open car or a two-seated vehicle.

An electric heater has been invented to prevent moisture collecting on an automobile windshield.

Eight of the olive trees in the historic Garden of Olives in Jerusalem are more than one thousand years old.

"Oh, yes, but that is all he ever does pay."

# CALOMEL SELDOM SOLD HERE NOW

**Nasty drug salivates, makes you sick and you lose a day's work.**

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

### Some Order!

A certain Irish sergeant was exceedingly wroth when he discovered that one of his men had paid a visit to the regimental barber and was minus the mustache.

"Private Jones," he roared, "who on earth gave yez permission to get that mustache off?"

"Nobody," answered Jones, unconcernedly; "only I thought it would improve my appearance."

"Improve your appearance with a face like yours!" bawled the enraged sergeant. "If yez don't hiv it on again at the afternoon parade today there'll be trouble!"—London Tit Bits.

**Your Eyes** Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine EyeRemedy. No Smarting, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write h-18
Murine Eye Remedy Co., Chicago.

### Delinquent

A Southern Judge tells of receiving the following letter: "Dear Sir: Some time ago you granted me a divorce and awarded me $20 a month alimony. You have not paid any of it yet, and I want to know what you are going to do about it."

### More Appropriate

Perhaps it would have been better to refer to Foch's strategy as "nut cracker" instead of "pincers," seeing that he was trying to close in on the royal filbert.

HAVE YOU A SWEETHEART,
Son or Brother in camp or training for defense? If so, mail him a package of Allen's Foot-Ease, the antitseptic Powder for Tired, Aching, Swollen Feet, and prevents blisters and sore spots. Makes walking easy. Sold everywhere, 25c.—Adv.

### The Lamb

College Boy—Dad, I think I'll tackle the stock market game as soon as I get my sheepskin.

The Old Man (dryly)—Well, I believe that's the proper apparel for young men in Wall street.

### Precedence

"Your boy never used to stand at the head of his classes."

"No," replied Farmer Corntossel. "But that fact hasn't prevented Josh from being among the first to go over the top."

To keep clean and healthy take Dr. Pierce's Pleasant Pellets. They regulate liver bowels and stomach.—Adv.

### A Notable Achievement

"Well," exclaimed Noah as they landed on Ararat, "this trip has indeed been a success."

"In what way?"

"We have conducted the entire excursion without a fight or an accident."

### Doctor's Orders

"Why do you use such a long cigarholder?" asked Smith.

"The doctor told me to keep away from tobacco," replied Jones.—Cincinnati Enquirer.

**Sure! High Heels Cause Corns But Who Cares Now**

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you —Adv.

# Service Flag Regulations

**No Official Rules, But This Plan Has the Approval of the Adjutant General of the Army**

While there are no official rules or regulations covering the use of the service flag, because the service flag itself is unofficial, the following, prepared in the judge advocate general's department, has the approval of the adjutant general of the army:

"Entitled to a Star—All officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, and the enlisted reserve corps; of the National Guard and National Guard reserve recognized by the militia bureau of the war department; of the navy, the marine corps, and the coast guard; of the naval militia, naval reserve force, marine corps reserve, and national naval volunteers recognized by the navy department; officers only of the public health service, detailed by the secretary of the treasury for duty either with the army or with the navy; personnel of lighthouse service and of coast geodetic survey transferred by the president to the service and jurisdiction of war or navy department; members of the nurse corps, army field clerks, field clerks of the quartermaster corps, civilian clerks and military employees on duty with military forces detailed for service abroad in accordance with the provisions of existing law; members of any other body who have heretofore or may hereafter become a part of the military or naval forces of the United States.

"The term 'military service' as used in this definition shall signify active service in any branch of service heretofore mentioned or referred to, but reserves and persons on the retired list shall not be included in the term 'persons in military service' until ordered to active service.

"Men attending officers' training camps of the United States army or navy at cantonments, camps or forts are in the active military service.

"While it is not intended to minimize the work done by persons connected with, or of assistance to the military or naval service, but not a part of it, members of the Red Cross, Y. M. C. A., K. C., Jewish welfare board, and like organizations are not to be represented on the service flag.

"No objection is seen to extending the service flag honor to those in the service of our allies.

"Meaning of the stars—(a) A blue star is used to represent each person, man or woman, in the military or naval service of the United States.

"(b) For those killed in action a gold star will be substituted for the blue star, or superimposed on it, entirely covering it.

"(c) For those wounded in action a silver star will be substituted for the blue star, or superimposed on it, entirely covering it. Use of this star would be limited to those entitled to the official wound chevron, which is awarded to those receiving wounds in action with the enemy or disabled by a gas attack, necessitating treatment by a medical officer.

"(d) For those who subsequently die from such wounds or gas disablement, the gold star will be superimposed on the silver, leaving a margin of silver around the gold.

"(e) For those disabled or invalided home by injury or disease incurred in line of duty, a silver star will be superimposed on the blue, leaving a margin of blue around the silver.

"(f) For those who subsequently die as a result of such accident or disease contracted in line of duty, a gold star will be substituted for this silver star, or superimposed on it, covering the silver star entirely, but leaving the margin of blue.

"(g) Men reported missing are presumed to have been taken prisoner and should continue to be represented by the blue star.

"(h) Men discharged, not for the good of the service or on request or resignation, but from wounds or physical incapacity contracted in the line of duty, shall continue to be represented by the silver star. When discharged for other causes they would appear to be thereafter no more entitled to representation than others not in the military service."

# POULTRY CATECHISM AND CRITICISM

Do you keep chickens?

If not why not?

If so, are they approved breeds?

What kind of fowl are kept in your neighborhood?

Are they just "chickens," or are they real, working hens, earning their grub?

Can you name five or six of the best breeds of hens and describe the outstanding qualities of each?

Do turkeys, ducks or geese possess any advantages over hens?

Under what circumstances might this be so?

How long does it take to hatch a hen's egg, a duck egg, a goose egg, a turkey egg?

Do you sell more eggs than you eat?

How many eggs did you sell last year?

Did you calculate the average price?

Do you know what your hens cost to feed?

Which sells for the most—a Plymouth Rock, a Leghorn, a Brahma? A goose, turkey or duck—per pound?

Whose fault is it if the hens are not laying?

Are you calculating on having laying hens next winter?

Do you know that hens can be made to lay under scientific conditions and that "chance" doesn't make poultry-keeping profitable?

Has the hen as much right to complain of her housing, feeding or medical care as you have about not getting more eggs?

Reverse this question. Does the hen feel cheap?

Seventy-four per cent of an egg is water. Do you expect eggs from thirsty hens? Nix.

Fifteen per cent of an egg is protein. Protein is the food that makes muscle and lean meat. Hens get protein from worms, bugs, insects, grasshoppers and meat scraps. Can your hens get enough of these summer and winter? You can't have sausage if you have no meat to grind up, eh?

Rabbits, squirrels, buttermilk and butchers' offal make good egg-producing diet.

An egg is ten per cent fat. Fat is made from starch. Grain, especially corn, is rich in starch.

An egg is one per cent mineral matter, mostly lime. This forms shell. See that the hens get enough. Can't sell soft shell eggs, can you?

Some people might as well expect the cat to lay eggs as the hen when one compares the care they both get.

## Painting Proves Original.

An oil painting of Queen Anne of Austria presenting her son, Louis XIV, to the court of France, which has been hanging for many years in the mayor's parlors of the city hall at New Orleans, is declared by art experts to be the original picture, painted in 1667, by Nicholas Mignard, court artist of Louis XIV.

## First Major League Player to Reach the Century Mark in Hits the Present Season

Frank Baker is the first player in the major leagues to reach the century mark in hits this season. This accomplishment has been greatly instrumental in helping the New York Yankees toward the leadership in the American league.

Baker, when he left the Athletics a few years ago, was thought to have lost

Frank Baker.

his slugging ability, but he has proved conclusively in the present race that his eye has not lost its sharpness. He has hammered out a lot of extra base hits in acquiring his total of 100 bingles.

New Yorkers have made him a greater idol than he was in Philadelphia, and if the team wins the championship much of the credit will go to Baker and his trusty bludgeon.

## President's Cabinet Members; Their Previous Occupations.

The names of the president's cabinet, their residence and occupation previous to appointment follow: Secretary of State Robert Lansing of New York was a lawyer and authority on international law; Secretary of the Treasury William G. McAdoo of New York was a lawyer and railroad manager; Secretary of War Newton D. Baker of Ohio was a lawyer and had been mayor of Cleveland; Attorney General Thomas W. Gregory of Texas, lawyer; Postmaster General Albert S. Burleson of Texas, lawyer; Secretary of the Navy Josephus Daniels of North Carolina, lawyer and newspaper man; Secretary of the Interior Franklin K. Lane of California, lawyer and newspaper man; Secretary of Agriculture David F. Houston of Missouri, teacher and president of an agricultural college; Secretary of Commerce William C. Redfield of New York, business man connected with large corporations; Secretary of Labor William B. Wilson of Pennsylvania, mine worker, president of local miners' union and secretary of national union.

A BAD WRECK—of the constitution may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! Doctor Pierce's Golden Medical Discovery cures all disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease.

When you're debilitated, and your weight below a healthy standard, you regain health and strength, by using the "Discovery." It builds up the body.

Sold in Tablet or Liquid form. If your dealer does not have it, send 60 cts. for the Tablets. Dr. V. M. Pierce, Buffalo, N.Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.—Adv.

### A SISTER'S PRAYER

Dear God, if I were but a boy,
I would enlist at once and fight
For Liberty. Oh, what a joy
To give my life for Thee and Right!

My hand, O God, I shall not give
To one who has not taken part
In this great war that Freedom live!
A soldier, Lord, shall have my heart!

**Watch Your Skin Improve.**
On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. For free sample address "Cuticura, Dept. X, Boston." At druggists and by mail. Soap 25, Ointment 25 and 50.—Adv.

### Embarrassing

Little Willie—Say, uncle, do you eat cake batter?

Rich Uncle—Of course not, Willie; why do you ask that?

Little Willie—Because pa said to ma he wondered if you would cough up the dough.

### No Need

"My dear lady, do you teach your children always to look up?"

"I don't have to, now there are so many airplanes flying around."

### Fortunate

"Here's a writer says that many a man is a poet without knowing it."

"Gee, what luck!"

# NOW RAISES 600 CHICKENS

**After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.**

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.

"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALTERS, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

## Keep Him From Your Home

### You won't have to buy Liberty Bonds

The climax of a recent thrilling story of a German who masqueraded as a British officer is the exposure of the spy through his typically Teuton touch in kicking the face of a servant whom he had knocked down.

"You might have knocked him down and been British," said the man who turned him over to the firing squad, "but not the rest of it."

Myriad undisputable instances of Hun bestiality unrestrained show him to have exhausted all imaginable possibilities of brutishness in his treatment of his war victims.

Oversubscribe your quota of Fourth Liberty Loan bonds and help throw the German army back across the Rhine where its own people may have a taste of its "will to power".

## A Blessing in Disguise

THE record rain of last week, 6.13 inches without a stop, for September was the cause of a loss of about five million dollars to the growers in this valley. Thousands of tons of prunes were on trays for drying or lying in the orchards unpicked, 80 percent of which was a total loss to which must be added the high labor expense of handling to date. This comes as a most serious blow to all who depend on this crop for their livelihood. Many of the recent purchasers are far worse off than ever before; and to them this rain has been a real calamity.

But all is not lost. The water situation was becoming most serious, many wells in the valley and state having gone dry. Many of our orchards were in dire need of water with none to be had. Some ranchers declare that this rain, altho premature and destructive, also wrought a blessing which will be more fully realized next year. But as R. W. Kennedy expressed it, "It's pretty hard to hold one's breath for a year with but little left."

---

AUSTRIAS' new peace suit bears the trade-mark "made in Germany." In-as-much as the Allies have declared a boycott on all "made in Germany" goods especially those of the scrap-paper variety, in about as few words as possible President Wilson notified said Austrian party that no such proposal can be considered. Right-oh! Our enemies know our terms which have been stated without camouflage. They should learn by experience that what Uncle Sam says, he stands by with about all the backbone there is in this country. Get it, Fritz?

---

BERLIN says that Germany had been prepared for years for the evacuation of the St. Mihiel salient and that the retirement was conducted without interference. No interference at all—only the trifling loss of about 20,000 men.

---

THANK you, our appeal for assistance to bring our subscription list up to snuff has not fallen on deaf ears altogether, and the response has been very gratifying. There are still a number who have not heard the call but will respond with a will when they do get it. I thank you.

---

IF the guns at the Metz forts can reach the Americans, depend upon it, the American guns will soon be sending messages to Metz.

## Local and Personal

D. R. Oliver arrived last week from Merced for two weeks of business and pleasure.

The Red Cross rooms which have been closed this week owing to shortage of materials, will be open again this (Friday) afternoon.

Leland Lancaster who was teaching at Cambria, is now in training at Camp Kearny, and is a corporal. He is assisting in the physical training drill.

Mr. I. Zion enjoyed a visit Saturday and Tuesday with a friend of forty years association at Stanton, Nebraska, Mr. A. C. Chamberlain. The latter gentleman is also a G. A. R. member, and had attended the reunion at Portland, coming from there to San Jose where his son resides.

Mrs. Fred Malchow of Windom, Minn., is spending two weeks with Mr. and Mrs. Geo. Parso, who plan to motor to Pacific Grove today to show her some of California's beauty spots. Mrs. Malchow is making a tour of the west, coming by the northern route and visiting the larger coast cities, and will return via Salt Lake City and Denver.

Buy Thrift Stamps to-day!

The S. G. Rodeck family went to San Francisco Monday for a short visit with "Doc" Ben.

Mr. and Mrs. Freeman Duncan were down from San Francisco this week to spend part of their vacation with the F. E. Duncan family.

W. B. Kammerer and family came home from Mt. Hermon this week that Mr. Kammerer might help E. R. Kennedy with his prune crop.

Mrs. Emily P. Gard will resume teaching and will receive pupils in piano and harmony at her residence, 97 N. Central avenue. Tel. Campbell 51 L.

Mrs. H. A. Watrous of Campbell and Mrs. Anna Marden De Yo, state corresponding secretary of California's W. C. T. U., will address a meeting on Sunday afternoon Sept. 22, upon the theme "What the winning of the war will mean to the women of the world." Both speakers have a message worth the hearing. There will be an organ selection by Mrs. David Craig and a vocal solo by Mrs. W. B. Kammerer. The women of Campbell and neighboring vicinities are cordially invited to attend. The meeting will be held in the Congregational church at 3 o'clock. Please be prompt.

## CHILDREN RUN TO SOLDIER PALS AT ARMY MESS CALL

### French Tots Share Yankee Soldiers' Rations—Women's War Parts Great

**By Mrs. Hazel Pedlar Faulkner**

"The little children in this neighborhood have learned to distinguish the mess call.

"Immediately it is sounded, they troup out from every conceivable corner, taking their places around the men, watching with eager, hungry eyes every bite that is dished out. A fellow can't eat his prunes very comfortably with such an audience, and the men here have divided every meal with these little fellows, who are the children of men saving France."

A "home-town" private, one of the Engineers who has been building railarmies in France, sent that message home. He is one of the men who has been dividing his daily ration of soup and beans, of meat and prunes, with the children who are the soul of France.

**WOMEN GIVE WHEAT, SONS AND MONEY**

American women, everywhere, and Western women second to none, have borne their part in the fight. They have saved their meat and their wheat, they have given their husbands and sons. Their money is going now. In the first, second and third Liberty loans they have invested their dollars. Opportunity to serve has come again. The Government is seeking funds. It is asking for the third of its three-fold need—men, munitions and money.

The hand that rocked the cradle is holding the purse strings in these momentous days. For their boys Western mothers will not withhold the needed gold. America has started on the road to Berlin. The way is a long one, and traveling is difficult. But the journey must be made, and the pilgrims must be equipped.

It is no longer a question of "shall we buy bonds" with American mothers. That was answered when the boys went over there. It is no longer a question of "can we buy bonds." The experience of the first three loans has answered that.

The question for Western women, in company with women all over the land, to answer is "what is the limit to which I can, by sacrifice and saving, by going without and working for,—what is the limit which I can reach?"

**CAN'T STOP SHORT OF BERLIN GOAL**

It would be a sorry ending of a journey to have America stop short of Berlin. It is inconceivable that our soldiers should stop short of that goal.

Can you, women of the West, pause in the great task which has been set for you? Can you halt for an instant in the face of the country's need?

Will all of those planned purchases weigh in the scale with the call which comes ringing across from those plains where the boys are fighting? It is to keep your boy on the march toward the final goal that the Government asks you to lend it your utmost.

"I regret that I have but one life to give for my country," said Nathan Hale, as he ascended the enemy's gallows.

Ours is the task to save lives for our country, to save by lending our all at its request. The Fourth Liberty Loan gives American mothers and sisters a new opportunity to make impossible a regret that they had but one chance to give.

The Fourth Liberty Loan is ours. What is our utmost? The country awaits our answer.

## 6 Months Front Line Duty Gives Gold Sleeve Bar

### Badge of Honorable Service at Home Is Fourth Liberty Loan Button

General Orders, No. 53, recently issued by the War Department in Washington, provide:

"A gold chevron * * * to be worn on the lower half of the left sleeve * * * by each officer, field clerk and enlisted man who has served six months in a theatre of operations during the present war * * *."

A war service badge—bespeaking active participation in the conflict abroad. What pride the wearer will feel, in that little piece of adornment, "of standard material and design"!

To the onlookers, what honors will it suggest; what endurance and valor!

War service badges are not to be confined to the Army and Navy alone. The great numbers of those who stay at home may have a badge of service and distinction. With the issuing of the Fourth Liberty Loan button there becomes available for every loyal American a mark of war service, a badge of honor for war work well done.

---

The Campbell War Work Council is busy making plans for Volunteer Day, Sept. 27, when all those who can will come forward with their unsolicited subscriptions to the Liberty Loan.

Mr. C. H. Antrim arrived the first of the week for a visit with "friend wife" and the S. G. Rodeck family. He was accompanied by Mrs. Ralph Anderson of Arosa a friend of the family. They with Mrs. Antrim will return to Fresno Saturday.

**PREPAREDNESS - -**

Is a most essential requirement for students who expect to return to school.

Most of the schools will begin this month which makes the time for preparation none too long. So prepare.

We cater especially to the school trade in its season, and believe me, we enjoy a good patronage, I thank you.

## "Doughboy" Origin

"A doughboy," says Stars and Stripes, official paper for the A. E. F., "is an American soldier, any American soldier, infantryman, artilleryman, medical department, signal corps sharps, officers and men alike are all called doughboys."

The term "doughboys" dates back to the Civil war when army wit was aroused by large bobular brass buttons on infantry uniforms. Somebody (he must have been a sailor) dubbed the buttons "doughboys" because they reminded him of boiled dumplings of raised dough served in ships' messes and known to all sailors as doughboys. Originally it referred only to an enlisted infantryman, but the A. E. F. applies it to all branches and all grades of the service.

## Do's and Don'ts from the Bureau of War Risk Insurance

Delay and confusion are caused by the inaccuracy and illegibility of the many letters that come daily into the Bureau of War Risk Insurance. The Woman's Committee, Council of National Defense has been asked by the Treasury Department to transmit to the women of the country, information as to things that should and should not be done by those who find it necessary to write to Washington concerning soldiers' allotments and allowances. The following set of "Do's and Don'ts" compiled by the Bureau of War Risk Insurance, is sent to the state divisions of the Woman's Committee:—

Do—

1. Write legibly.
2. Date your letters.
3. State your case in as few words as possible. Short, clear statements will enable us to handle your letter with least possible delay.
4. Be careful to give correct allotment and army serial number when referring to application of enlisted men. When using serial number prefix the letter "S". The allotment number appears on the face of your check, to the right of your name.
5. Give his first, middle and last name, rank, date of first enlistment, organization in which first enlisted, and when possible, address of enlisted man.
6. End letter with your own first, middle and last name, address, city and state.
7. Notify your postmaster and the Bureau promptly concerning any change in your address. In doing this always give former address with the new address clearly designated.
8. Write the Bureau if any person in your family dies who was getting allotment or allowance.
9. Answer promptly any communication requiring reply that is sent you by the Bureau. When addressed envelope is enclosed the Bureau expects you to use this for your reply. This will assure more prompt attention.
10. Read carefully all circulars or letters of instructions sent you by the Government. These instructions are prepared with purpose, and should not be disregarded.

---

Get your school materials at HARRY SMITH'S.

"Flag Raising" ceremonies will be held on the Library grounds next Friday afternoon, the 27th, at 2:30 o'clock, when the flag donated by Mrs. E. I. Price to the Country Woman's Club will be raised Friday being "Volunteer Day" for the Fourth Liberty Loan, seemed a fitting time for this expression of patriotism. The public is invited.

### Notice to Creditors

Estate of Emma L. Vande Grift, Deceased

Notice is hereby given by the undersigned Executor of the last Will and Testament of Emma L. Vande Grift, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County California, within four months after the first publication of this Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Executor, at the office of Bohnett & Hill, Rooms 311-314 Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business connected with said estate will be transacted

San Jose, Cal., this 23rd day of August, A. D. 1918.

John F. Duncan
Executor of the last Will and Testament of Emma L. Vande Grift, deceased.
L. D. Bohnett & H. G. Hill,
Attorneys for said Executor

---

Winters—August shipment from Winters 7,750 boxes of fruit.

Roseville—Record prize, $41 per ton for grapes offered.

San Francisco—German owned property valued $3,000,000 seized and held by government until end of war.

### Circle Busy

The Pundita Circle held a very profitable meeting at the home of Mrs. James Turner Wednesday afternoon the ladies working for the Belgian relief.

Mrs. J. W. Davy, chairman of the Belgian Relief work of San Jose department, and Mrs. S. G. Tompkins were present, the former giving a brief outline of the work.

The Circle has made 4 quilts and 30 garments for this work during the vacation period.

They will hold a social gathering of members and families at the beautiful Turner home on Wednesday evening next to celebrate the tenth anniversary of the club. Mrs. I. P. Beal, one of the charter members, will give a history of the club. A short program will be followed by games and a service of light refreshments.

### Dig Out

Again comes the call for help. The committee for relief in Belgium has secured shipping tonnage and clothing is urgently needed—hundreds of tons of it.

Gather up every warm durable garment that can be worn or made over, and leave next week at the Red Cross Rooms in Campbell Monday, Wednesday or Friday afternoons, or at the Salvage Shop in San Jose, as the drive this time is under the auspices of the Red Cross, and not of the Juniors, as heretofore.

Remember that these poor people are entering upon their fifth winter of war and oppression and give even until it is a sacrifice.
